

catkin_ws/src/wheelchair
_control/include/CANHandler.hpp

```
graph TD; A["catkin_ws/src/wheelchair_control/include/CANHandler.hpp"] --> B["string"]; A --> C["cstdint"]; A --> D["iostream"]; A --> E["linux/can.h"];
```

The diagram illustrates the dependencies of the header file `CANHandler.hpp` located at `catkin_ws/src/wheelchair_control/include/`. Four blue arrows point from the header file box to four separate boxes below it, representing the included headers: `string`, `cstdint`, `iostream`, and `linux/can.h`.

string

cstdint

iostream

linux/can.h
